

## **Sr. Human Resources Specialist**

High Concrete Group LLC, an industry innovator in structural and architectural precast concrete in North America, is seeking candidates to lead the Human Resources function at its Paxton manufacturing facility.

Primary responsibilities include leading hourly recruitment, training and workforce development, performance management, employee relations and other critical generalist functions.

The ideal candidate will possess a Bachelor's degree in Business Administration, HR Management or a related degree along with a minimum of three years of HR generalist experience in manufacturing. Ability to develop relationships, lead initiatives, as well as proficiency in Microsoft Office required.

Comprehensive and competitive total compensation package available. Email resumes to Liz Ford, Corporate Recruitment Manager, at [employment@high.net](mailto:employment@high.net) or fax to 717-293-4507.
